Attached is a SAP for three regulatory bills which we have recently reviewed for comment. Please review and provide comments on the SAP only by **1:00 TODAY**.

Thanks!
Shawn

Attached please find a draft Statement of Administration Policy on three bills:

- H.R. 998 – Searching for and Cutting Regulations that are Unnecessarily Burdensome (SCRUB) Act
- H.R. 1004 – Regulatory Integrity Act of 2017
- H.R. 1009 – OIRA Insight, Reform, and Accountability Act

H.R. 998 would, among other things, establish a Retrospective Regulatory Review Commission, and would establish regulatory "Cut-Go" requirements - such that annual costs of new regulations would need to be offset by repeal of existing regulations.

H.R. 1004 would require all Executive agencies to publish online all pending regulatory actions and all corresponding public communication within 24 hours of issuance. Additionally, the bill includes requirements for the content of regulatory actions and public communications which are to be published online. Finally, executive agencies would have to submit a report to Congress (by January 15 of each year) with various information about public communications and pending regulatory actions within the previous fiscal year.

H.R. 1009 would, among other things, establish a Regulatory Working Group; require the head of each agency to submit to the OIRA Administrator a regulatory plan by June 1 of each year; require agencies to submit to OIRA (by April 1 and October 1 of each year) an agenda of each regulation under development or review; and require government-wide OIRA coordinated review of significant regulatory actions.

We expect these bills to be considered before House Rules early next week. **Please provide any edits to the draft SAP by the deadline above. Unfortunately, late comments will not be accepted.**
